Quota di Riferimento: 210.00

Figure 12.10 shows a dimension line with a total length of 8.70. The dimension is divided into five segments: 2.32, 0.50, 3.00, 0.50, and 2.38.

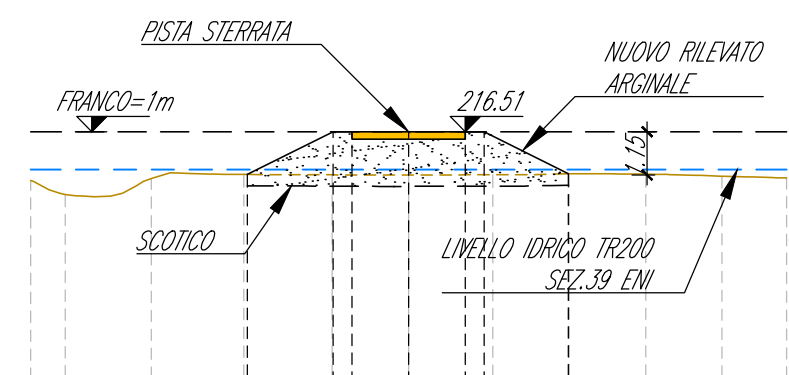

Progressiva: 1+300.00
Scala: 1:200
Quota di Riferimento: 210.00

Figure 10.10 shows a dimension line with a total length of 8.95. The dimension is divided into five segments with the following values: 2.59, 0.50, 3.00, 0.50, and 2.36.

Progressiva: 1+360.00
Scala: 1:200
Quota di Riferimento: 210.00

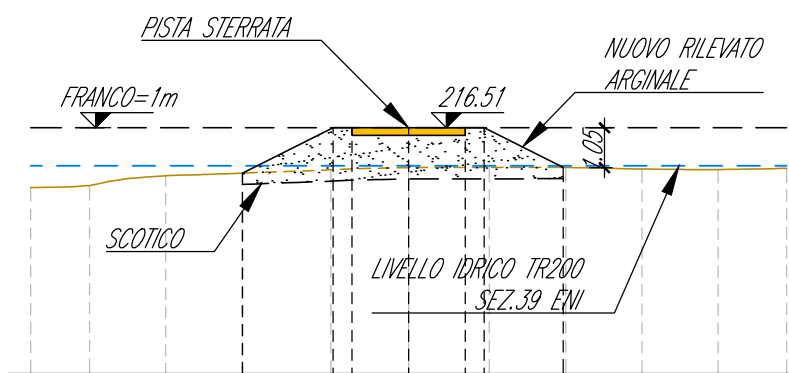

A number line diagram illustrating the addition of 2.26 and 3.00. The top line is labeled 8.49. The bottom line has tick marks at 2.26, 0.50, 3.00, 0.50, and 2.23.

Figure 12.32 shows a dimension line with a total length of 12.32. The dimension is divided into five segments with the following values: 3.28, 0.50, 3.00, 0.50, and 5.04.

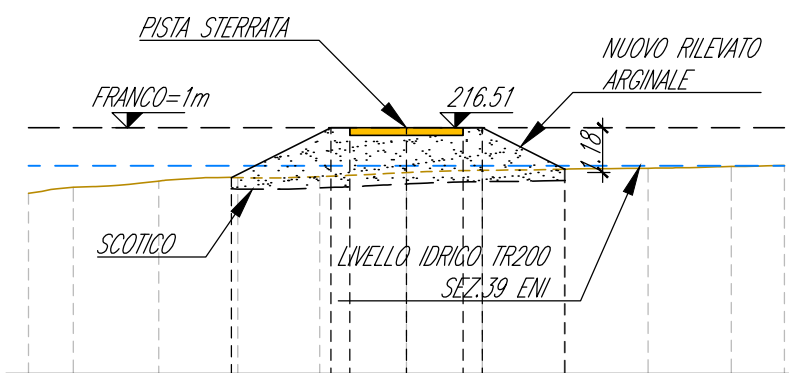

Progressiva: 1+380.00
Scala: 1:200
Quota di Riferimento: 210.00

A number line diagram illustrating the addition of two decimal numbers. The top line shows the total distance from 0 to 8.47. The bottom line shows the intermediate steps: starting at 0, adding 2.24 to reach 2.24, then adding 0.50 to reach 2.74, then adding 3.00 to reach 5.74, and finally adding 0.50 to reach 6.24. The final distance from 0 to 6.24 is labeled as 6.24.

Progressiva: 1+280.00
Scala: 1:200
Quota di Riferimento: 210.00

A number line diagram illustrating the addition of two decimal numbers. The top line shows the sum of 2.63 and 0.50, resulting in 3.00. The bottom line shows the sum of 3.00 and 2.19, resulting in 5.69. The total sum of 2.63 and 0.50 is 3.13, and the total sum of 3.00 and 2.19 is 5.19.
